**PHYSIOLOGY**

Correction for "SPLUNC1 regulates airway surface liquid volume by protecting ENaC from proteolytic cleavage," by Agustin Garcia-Caballero, Julia E. Rasmussen, Erol Gaillard, Michael J. Watson, John C. Olsen, Scott H. Donaldson, M. Jackson Stutts, and Robert Tarran, which appeared in issue 27, July 7, 2009, of *Proc Natl Acad Sci USA* (106:11412–11417; first published June 18, 2009; 10.1073/pnas.0903609106).

The authors note that the following acknowledgment was omitted from the article: "The V5-SPLUNC1 construct was a kind gift from Dr. C. Bingle (University of Sheffield, United Kingdom)."
