

# Correction

## IMMUNOLOGY AND INFLAMMATION

Correction for “Early IL-1 receptor blockade in severe inflammatory respiratory failure complicating COVID-19,” by Raphaël Cauchois, Marie Koubi, David Delarbre, Cécile Manet, Julien Carvelli, Valery Benjamin Blasco, Rodolphe Jean, Louis Fouche, Charleric Bornet, Vanessa Pauly, Karin Mazodier, Vincent Pestre, Pierre-André Jarrot, Charles A. Dinarello, and Gilles Kaplanski, which was first published July 22, 2020; 10.1073/pnas.2009017117 (*Proc. Natl. Acad. Sci. U.S.A.* **117**, 18951–18953).

The authors note that in the Abstract, lines 5–6, “Because interleukin-1 (IL-1) blocks the production of IL-6 and other proinflammatory cytokines” should instead appear as “Because interleukin-1 (IL-1) induces the production of IL-6 and other proinflammatory cytokines.”
