Correction to Supporting Information for “Prevalent Eurasian avian-like H1N1 swine influenza virus with 2009 pandemic viral genes facilitating human infection,” by Honglei Sun, Yihong Xiao, Jiyu Liu, Dayan Wang, Fangtao Li, Chenxi Wang, Chong Li, Junda Zhu, Jingwei Song, Haoran Sun, Zhimin Jiang, Litao Liu, Xin Zhang, Kai Wei, Dongjun Hou, Juan Pu, Yipeng Sun, Qi Tong, Yuhai Bi, Kin-Chow Chang, Sidang Liu, George F. Gao, and Jinhua Liu, which was first published June 29, 2020; 10.1073/pnas.1921186117 (Proc. Natl. Acad. Sci. U.S.A. 117, 17204–17210).

The authors note that, due to a typographical error, the legend for Fig. S1 in the SI Appendix appeared incompletely. The authors also note that Fig. S8 in the SI Appendix appeared incorrectly. In A, the high-magnification histological (H&E staining) image (Right) for SW/HN/08/11 (G1) was inadvertently duplicated for SW/HB/0116/17 (G4) due to an error when processing the images. The SI Appendix has been corrected online.
