

*ERRATUM*

In the article entitled "Synthesis of Biologically Pertinent Peptides under Possible Primordial Conditions," by Gary Steinman and Marian N. Cole, which appeared in the August 1967 issue of these PROCEEDINGS (vol. 58, pp. 735-742), the following corrections should be made. On page 738, lines 30-32, the sentence should read "The results indicated that the ratio of the yield of the dipeptide in the former case to that in the latter was 1.4," rather than "... was 1:4." Also, on page 739, line 18, the seventh word should be "unclear" rather than "nuclear."

GARY STEINMAN
